Executive Summary:

The Workforce Innovation and Opportunity Act (Workforce Act) is a federal law designed to prepare youth and adults for entry into the labor force. The Workforce Investment Board (WIB) and its career center, Job Link, provide support to Sonoma County job seekers and business by providing services such as workshops and job fairs to connect those looking for work with businesses in need of workers.

The Workforce Act requires all local regions to create a board comprised of local business and community members to oversee and implement the Workforce Act. The Workforce Act requires the appointment of a policy oversight body, and the Sonoma County Workforce Investment Board serves in this capacity for Sonoma County. As required by the Workforce Act, this board item seeks the appointment and reappointment of Workforce Investment Board members.

Discussion:

Membership Criteria and Process for Recommending Members for Appointment

The Sonoma County Workforce Investment Board serves as the policy oversight body for Sonoma County employment and training programs. In accordance with the written agreement between the Sonoma County Board of Supervisors and the WIB, the WIB reviews and approves candidates' applications for membership and forwards its recommendations to the Board of Supervisors for final approval and appointment.

The Workforce Investment Board consists of member categories in compliance with Workforce Act regulation. Business seats must comprise the majority and are comprised of representatives of business in the Local Area who are either owners, chief executives, or operating officers; those that represent businesses that provide employment opportunities that include high-quality, work-relevant training and development in in-demand industry sectors or occupations; or those that are appointed from among individuals nominated by local business organizations and business trade associations. Business must comprise the majority. There are fifteen Business Seats on the WIB representing 51% of the Board.

Not less than 20% of the members of each Local Board must be representatives of the Workforce within the Local Area, including representatives of labor organizations, apprenticeships, community-based organizations that have experience and expertise in addressing the employment needs of individuals with barriers to employment, and representatives of organizations that have demonstrated experience and expertise in addressing the employment, training, or education needs of youth. Within this Workforce Representative category, a minimum of 15% of the seats must represent labor organizations. There are seven Workforce Representative Member Seats on the WIB, constituting 24% of the Board. Five of these seats represent Labor, constituting 17% of the Board.

Each Local Board must include representatives of entities administering education and training activities, including those administering adult education and literacy activities; representatives of institutions of higher education, including community colleges; and representatives of local educational agencies and community-based organizations addressing the education or training needs of individuals with barriers to employment. There are three Education and Training Seats on the WIB.

Each Local Board must include representatives of governmental and economic and community development entities, including a representative of economic and community development entities; an appropriate representative from the State employment service office; an appropriate representative of the programs carried out under the Rehabilitation Act of 1973; representatives of agencies administering transportation, housing, and public assistance programs; and representatives of philanthropic organizations serving the Local Area. There are currently three Governmental and Economic and Community Development Seats on the WIB. The WIB seeks Business members who provide who have expertise in Sonoma County's important or emerging employment sectors such as health care, hospitality, and the building and trades. Applications are reviewed by the WIB's Executive Committee and are then recommended to the Board of Supervisors for appointment. Current members in good standing are recommended for reappointment at the end of their term.

Efforts to fill the WIB seats are ongoing through referrals from current members and outreach to businesses, public, workforce, and private nonprofit organizations. The Human Services Department also works closely with the Economic Development Board to identify business members appropriate for the business seats on the WIB.
