Title:

Federal Transit Funding Authorizations for FY 2020-21

Recommended Action:

- Approve a Resolution authorizing the filling of applications and providing required assurances for federal transit assistance.
- Authorize the Director of Transportation and Public Works to file and execute applications and other necessary documents and instruments on behalf of the County of Sonoma/Sonoma County Transit for federal transit assistance.

Executive Summary:

This Resolution provides authorization by the Board permitting the County of Sonoma/Sonoma County Transit to file applications for federal transit capital assistance through Federal Transit Administration funding programs during fiscal year 2020-21.

The resolution also states certain programming and funding commitments necessary for obtaining all applicable funding, including regarding local match funds and other program conditions.

Discussion:

Sonoma County Transit seeks federal transit assistance, under various applicable programs, for transit capital projects. Sonoma County Transit receives federal assistance both directly through the Federal Transportation Administration and as a subrecipient through Caltrans. Federal funds are programmed by the Metropolitan Transportation Commission.

The Board's previous resolution for federal transit funding authorizations included FY 2016-17 through FY 2019-20. However, the amount of FTA funding to be made available beyond FY 2020-21 is uncertain due to the pandemic. Therefore, the Metropolitan Transportation Commission has limited programming to one fiscal year. We anticipate the Board's resolution next year will include multiple fiscal years.

Specific projects are identified in the Transit Division budget, Capital Improvement Plan and Short-Range Transit Plan. Local match sources are identified annually to meet funding requirements associated with these projects. No General Fund monies are used as the local match.
