Title:
Legal Services Agreement with Richards, Watson & Gershon for Sonoma County Energy Independence Program

Recommended Action:

Approve and authorize County Counsel to execute a three-year legal services agreement with Richards, Watson & Gershon not to exceed \$45,000 per year for legal services in support of the Sonoma County Energy Independence Program. (4/5th Vote Required)

Executive Summary:

Richards, Watson & Gershon (RWG) has provided legal support for the Sonoma County Energy Independence Program (SCEIP) since its inception in 2009. RWG specializes in public agency and municipal law and has significant experience and recognized expertise in Property Assessed Clean Energy (PACE) programs and municipal financing procedures. RWG's services are integral to SCEIP's semi-annual bond issuance.

RWG's existing three-year legal services agreement for SCEIP expires on June 30, 2021. County Counsel requests approval and authorization to execute a new three-year legal services agreement, commencing on July 1, 2021 and expiring on June 30, 2024 for legal services in connection with SCEIP. The agreement is capped at \$45,000 per year, for a total amount not-to-exceed \$135,000. The SCEIP Program Administrator supports this request.

Discussion:

In 2009, the Board created the Sonoma County Energy Independence Program (SCEIP). SCEIP works at the

request and with the consent of property owners to provide financing for eligible improvements. Property owners repay SCEIP financing through an assessment levied against their property, which is payable in semi-annual installments on property tax bills. SCEIP financing is currently available for water conservation improvements, energy efficiency and renewable energy generation improvements, as well as wildfire hardening and seismic strengthening improvements.

Richards, Watson & Gershon (RWG) has provided legal support for SCEIP since its inception in 2009. RWG specializes in public agency and municipal law and has significant experience and recognized expertise in Property Assessed Clean Energy (PACE) programs and municipal financing procedures. RWG's services are integral to SCEIP's semi-annual bond issuance.

RWG's existing three-year legal services agreement for SCEIP expires on June 30, 2021. Staff requested and RWG agreed to a rate reduction of approximately 30% for the new agreement. County Counsel and the SCEIP Program Administrator recommend approval of the legal services agreement with RWG because RWG has historical knowledge of the program and its bonding procedures that cannot be replicated and can perform the services efficiently and with competitive rates. The proposed agreement is capped at \$45,000 per year, for a total not-to-exceed amount of \$135,000.
