Executive Summary:

The Human Services Department (HSD) requests authority to execute contracts for services with community-based organizations as listed on Attachment A. Depending on the funding amount, the Department procures client services every 3 to 4 years, either through a competitive Request for Proposal process or under the authority of the Department Head or Purchasing Agent to provide a broad range of services to HSD clients for programs such as job search services, housing support, services to young adults and foster youth, child welfare programs, adult and child abuse prevention, and programs for seniors.

All funding for contracted services is in support of state and federal mandates and is consistent with the objectives of the Human Services Department to protect vulnerable children and adults and promote maximum independence and well-being for county residents. HSD's community partners have adapted the provision of services to our most vulnerable residents during the pandemic, and will continue to do so as needed and in the safest and most effective way possible going forward. Contracts are executed in the standard Counsel-approved template, include language that obligates the County only to the extent funding is available, and allow for amendment to reduce or terminate the contract in the event that any anticipated funding is reduced or eliminated.

Each contract was procured using County and funder requirements and in support of [safety net contracting principles <https://sonomacounty.ca.gov/contracting-principles-letter-from-the-safety-net-departments>](https://sonomacounty.ca.gov/contracting-principles-letter-from-the-safety-net-departments) by providing essential services in every community across the County and serving some of the County's most vulnerable residents. Additionally, each scope of work describes the services to be delivered, data collection, and funder-required outcome measures. HSD has implemented the Results-Based Accountability framework for planning, reporting, and monitoring of performance measures in each service that was procured for Fiscal Year 2022-2023 and will continue to include the RBA framework for all upcoming procurements conducted by the Department.

HSD is committed to providing services that lead to healthy and safe communities, racial equity and social justice in support of Sonoma County's Strategic Plan.

Discussion:

Human Services Department Contracts

The Human Services Department will execute a total of 23 contracts for community-based services totaling \$13,950,080 that require Board of Supervisor approval. A summary of the contracts requiring Board approval is listed below by division and in Attachment A; this list also indicates which contracts incorporate Results Based Accountability plans. A subset of FY 2022-2023 contract awards was competitively procured prior to HSD's full implementation of RBA requirements and therefore do not include RBA plans; however, these

contracts will be updated to incorporate the RBA framework when they are competitively procured in future years as part of their respective 3-4 year cycles. The procurement method for each is listed in Attachment B. Attachment C organizes contract totals by provider, since a provider may have multiple contracts with the Department, and Attachment D includes a breakdown by specific funding source.

Adult & Aging Division (\$3,052,696)

The Adult & Aging Division works with individuals and the community to ensure the safety and well-being of vulnerable adults by providing protective and supportive social services to older adults, veterans, and persons with disabilities.

Area Agency on Aging Program - The Area Agency on Aging (AAA) contracts with community partners to provide senior services, such as adult day care, case management, legal services, transportation, ombudsman, congregate and home-delivered meals, caregiver support and respite, medication management, and the Health Insurance Counseling and Advocacy Program (HICAP). The Board of Supervisors has approved an ongoing General Fund allocation of \$250,000 to support local nutrition programs for seniors which is included in the agreements with Council on Aging and Petaluma People Services Center.

Due to the federal and state funding cycles, the California Department of Aging amends funding multiple times during each fiscal year for existing and expanded senior services. When additional funds are allocated to the Sonoma County AAA, it is imperative that there be flexibility to modify contract funding to service providers expediently in order to ensure continuity of services. The AAA requests authorization for the Director of the Human Services Department to amend and execute the contracts listed below to accept anticipated and any unanticipated revenues that do not significantly change the scope of services or increase the amount of the contract by more than \$100,000 from the original contract amount.

Each of the following contracts is for one fiscal year - July 1, 2022, to June 30, 2023:

Council on Aging Services for Seniors (\$1,648,561) for adult day care, congregate and home delivered meals, nutrition education, and case management services.

Interfaith Shelter Network (\$457,849) for the provision of transitional housing and case management services for Housing and Disability Advocacy Program (HDAP) and SonomaWORKS Housing Support Program (HSP) clients. Due to the federal and state funding cycles, the California Department of Social Services HDAP funding may change. If additional funds are allocated, it is imperative that there be flexibility to modify contract funding expediently in order to assure continuity of services. HSD requests authorization for the Director of the Human Services Department to amend and execute the contract with Interfaith Shelter Network that does not significantly change the scope of services or increase the amount of the contract by more than \$50,000 from the original contract amount.

Due to the state funding cycles, the California Department of Social Services may allocate additional funds to child abuse prevention services. If more funds are allocated, it is imperative that there be flexibility to modify contract funding expediently in order to assure continuity of services.
