Title:
Behavioral Health Services Agreement Amendment

Recommended Action:

Authorize the Director of Health Services, or designee, to execute the fourth amendment to an agreement with Drug Abuse Alternatives Center to accommodate increased costs associated with the provision of residential therapeutic treatment services, increasing the fiscal year 2021-2022 amount by \$775,425, resulting in a new not-to-exceed amount of \$6,161,984 for the period July 1, 2020 through June 30, 2022.

Executive Summary:

On October 14, 2020 the Department of Health Services (DHS or Department) entered into a services agreement with [Drug Abuse Alternatives Center \(DAAC\) <https://www.daacinfo.org/>](https://www.daacinfo.org/) through which DAAC provides a number of behavioral health services, including residential therapeutic treatment services through DAAC's Turning Point program. As a result of a contract amendment during fiscal year 2021-2022, it was determined that the cost for the residential therapeutic treatment services through fiscal year 2021-2022 would be higher than initially anticipated. The increase in cost is largely attributed to inflation and increased operating costs, resulting in an increased rate for each bed purchased per day in the Turning Point program. The proposed amendment increases the contract amount to allow appropriate payment to DAAC for providing services.

The current contract maximum amount includes \$3,043,093 for fiscal year 2020-2021 and \$2,343,466 for fiscal year 2021-2022, for a total amount of \$5,386,559. The proposed amendment increases the fiscal year 2021-2022 amount by \$775,425, to \$3,118,891, for a new contract maximum amount of \$6,161,984.

Discussion:

Drug Abuse Alternatives Center (DAAC) provides a number of behavioral health services to the Department of Health Services, including residential therapeutic treatment services through DAAC's Turning Point program. The current contract with DAAC has a maximum amount of \$3,043,093 for fiscal year 2020-2021 and \$2,343,466 for fiscal year 2021-2022, for a total amount of \$5,386,559, and a term of July 1, 2020 to June 30, 2022.

The original contract with DAAC was originally executed on October 14, 2020 with a term of July 1, 2020 through June 30, 2021 and a maximum amount of \$3,043,093. On August 23, 2021 the first amendment was executed by the Department of Health Director under delegated authority, extending the term through September 30, 2021 and increasing the contract amount by \$731,494 to \$3,774,587. The second amendment was executed by the Department of Health Director under delegated authority on December 27, 2021, extending the term through December 31, 2021 and increasing the contract amount by \$722,744 to \$4,497,331. The third amendment, executed by the Department of Health Director under delegated authority, on July 1, 2022, extended the contract through June 30, 2022 and increased the contract amount by \$889,228, for a new total of \$5,386,559.

Through negotiations with DAAC during fiscal year 2021-2022 related to a contract amendment for the period January 1, 2022 through June 30, 2022, it was determined that the cost for the residential therapeutic treatment services provided during fiscal year 2021-2022 would be higher than initially anticipated. The increase in cost is largely attributed to inflation and increased operating costs, resulting in an increased rate for each bed purchased per day in the Turning Point program. The proposed amendment increases the fiscal year 2021-2022 amount by \$775,425 to \$3,118,891, for a new contract maximum amount of \$6,161,984. The proposed amendment increases the contract amount to allow appropriate payment to DAAC for providing services.

Strategic Plan:

Narrative Explanation of Fiscal Impacts:

Financed with AB109 Funds, Substance Abuse Block Grant Funding (both SABG and SABG Supplemental), and 2011 Realignment Funding, the Department booked a payable liability during FY 2021-2022 year-end closing. Once the agreement amendment is executed, invoices will be paid against the FY 2021-2022 liability. No budgetary changes nor additional funding are needed.
