Miscellaneous Classification, Compensation, and Allocation Changes

Recommended Action:

- Adopt a Concurrent Resolution amending the Memorandum of Understanding between the County and Service Employees International Union, Local 1021, Salary Table Scales, to establish the new classifications and salaries for Eligibility Systems Support Technician, Human Services Systems Technician, and Supervising Eligibility Systems Support Technician and abolish the classifications of Public Assistance Systems Technician and Supervising Public Assistance Systems Technician, effective January 10, 2023.
- Approve the Resolution amending the Department Allocation List for the Human Services Department, effective January 10, 2023.

Executive Summary:

The County's Human Resources Department is responsible for managing the County-wide classification and compensation structure. Components of this responsibility include ensuring employees are appropriately classified, administering the County's Compensation Plan, and assisting departments with organizational changes when they involve classification reviews. Regularly, the department conducts classification and compensation analyses, and develops reports and presents recommendations to incumbents, unions, departments, and in many situations the Civil Service Commission.

In resolutions before your Board today, Human Resources requests approval to implement the final recommendations resulting from a classification and compensation study for the Human Services Department.

Discussion:

A classification study was conducted for the Human Services Department, resulting in the development of the classifications of Eligibility Systems Support Technician, Supervising Eligibility Systems Support Technician, and Human Services Systems Technician. The classifications of Eligibility Systems Support Technician and Supervising Eligibility Systems Support Technician provide daily technical systems assistance and support to the department's benefit eligibility staff and other end users of the CalWIN and CalSAWS state public assistance programs. The Human Services Systems Technician provides a variety of technical assistance related to program-specific information systems within an assigned Human Services division requiring knowledge of state social services and children services management systems. Human Resources also determined a reclassification and retention of the incumbents in accordance with Civil Service Rule 3.3B was appropriate, and the Civil Service Commission approved the recommendation of the position classification review study at their August 4, 2022, meeting.

Bargaining Unit, Fair Labor Standards Act (FLSA), and Salary Determination: Pursuant to the County's Employee Relations Policy, Human Resources determined the appropriate bargaining unit for the new Human Services Systems Technician and Eligibility Systems Support Technician classifications to be Bargaining Unit 05-SEIU, and the appropriate bargaining unit for the new Supervising Eligibility Systems Support Technician classification to be Bargaining Unit 95-SEIU. These classifications are non-exempt, pursuant to the guidelines of the Fair Labor Standards Act.

Based on an evaluation of both market data and internal equity factors, Human Resources has determined the salaries for the Eligibility Systems Support Technician should be set at step \$7130.99/I-step monthly, and the Supervising Eligibility Systems Support Technician should be set at \$7,847.57/I-step monthly. For ongoing salary administration purposes, the Eligibility Systems Support Technician is recommended to be maintained at 23% above Eligibility Specialist II. The Supervising Eligibility Systems Support Technician should be administered at 10% above the Eligibility Systems Support Technician. Additionally, Human Resources determined the salary of the Human Services Systems Technician should be set at \$7010.98/I-step monthly and administered at 9% above Department Information Systems Technician II.

Human Resources, Human Services Management, and Service Employees International Union (SEIU) met and conferred regarding the new classifications, which resulted in a Letter of Agreement between the parties (Resolution 1; Attachment B).

Human Resources seeks approval to establish the new classifications and salaries of Eligibility Systems Support Technician, Supervising Eligibility Systems Support Technician, and Human Services Systems Technician, and to abolish the classifications of Public Assistance Systems Technician and Supervising Public Assistance Systems Technician, and make adjustments to the Human Services' Department Allocation List to reflect the deletion of four allocations of Public Assistance Systems Technician and one allocation of the Supervising of Public Assistance Systems Technician, and the addition of three Eligibility Systems Support Technicians, one Supervising Eligibility Systems Support Technician, and one Human Services Systems Technician.

Prior Board Actions:

Allocation Change Board Items that require Board approval in order to be fully adopted and implemented.
