**Discussion:**

The Sonoma County Community Investment Fund grant program utilizes a portion of the Transient Occupancy Tax (TOT) to encourage tourism, economic development, and community engagement through a variety of grant award and funding avenues. The program provides various grants to community non-profits for advertising and economic development events and the county as a visitor destination with the goal of advancing economic growth through tourism. Additionally, the program provides grants to promote agricultural promotion as well as address impacts on safety due to tourism. The program provides funding to the Regional Parks Department as well as the Economic Development Department and a number of other county department activities, all with the focus of encouraging tourism and awareness of Sonoma County.

The Community Investment Fund Policy is divided into different categories. The Board established the Local Events, Organizations, and Economic Development category to assist small cultural, artistic, and countywide events and organizations as well as events occurring during the off peak tourism season (November 15 through April 15) with funding for advertising and economic development efforts that promote Sonoma County and encourage visitors to frequent the county throughout the entire year. Funding for these events and organizations is provided at the discretion of each Supervisorial District based on an overall allocation of \$250,000 divided equally across each district. Events and organizations make requests throughout the year to the Supervisorial District in which their event/organization exists.

Funds will be distributed upon approval of these awards by the Board of Supervisors and execution of the Community Investment Fund grant agreement (contract) by the entity. The contracts will be executed by the County Administrator, or designee. The contracts will require the County seal on promotional materials produced using the grant award and will require submission to the County Administrator's Office of advertising and promotional activity receipts up to the total amount of the grant award.

Activities performed utilizing Community Investment Program grants provide public benefits that serve important community needs under Government Code Section 26227.
