**To:** Board of Supervisors

**Department or Agency Name(s):** Transportation and Public Works

**Staff Name and Phone Number:** Johannes J. Hoevertsz 707-565-2231

**Vote Requirement:** Majority

**Supervisorial District(s):** First, Fourth, Fifth

**Title:**

State Highway Account Match Program Agreement 2020-21

**Recommended Action:**

Adopt a Resolution authorizing the Chair to execute State Match Program Agreement X21-5920(179) with the California Department of Transportation for advancement of up to \$100,000 in State Highway Account funds pursuant to Section 182.9 of the Streets and Highways Code to be used as match for federally funded projects for the 2020-21 fiscal year. (First, Fourth, Fifth Districts)

**Executive Summary:**

The Department of Transportation and Public Works (TPW) is requesting the Board adopt a Resolution that authorizes the Chair to execute State Match Program Agreement X21-5920(179) with the California Department of Transportation, which will provide up to \$100,000 in matching funds to be used for federally funded projects in FY 2020-21. The State Match Program assists the County with funding the local match requirement that is a required component of many federal grants.

**Discussion:**

On December 4, 2015, President Obama signed into law the Fixing America's Surface Transportation Act, or "FAST Act". It was the first law enacted in over ten years that provides long-term funding certainty for surface transportation, meaning states and local governments can move forward with critical transportation projects, such as new highways and transit lines, with the confidence that they will have a Federal partner over the long term. The "FAST Act" replaced the Moving Ahead for Progress in the 21st Century Act (MAP-21). This federal transportation funding provides critical infrastructure dollars but often requires a local (non-federal) match component.

Section 182.9 of the Streets and Highways Code governs the allocations of funds from the State Highway Account for State Match. The California Transportation Commission must allocate to each county an amount equal to 50 percent of the Federal regional surface transportation funds allocated to the county pursuant to Section 182.6(d)(2) with a maximum limit of \$100,000 per county per fiscal year. State match funds are used to match Federal funds allocated pursuant to section 182.6(d)(2) of the Streets and Highways Code.

At this time, the State has presented the County with Agreement No. X21-5920(179) (Attachment A) wherein the County agrees to use state funds for transportation purposes, agrees to establish a special account within the road fund, and agrees to allow the State to audit the funds. Under this agreement, the State will advance

to the County a one-year apportionment of funds of up to \$100,000. TPW uses these funds as local match for federally funded projects, largely bridging projects where other sources of local match may not be eligible. In FY 2019-20, state matching funds were used as part of a local match for Chalk Hill Road, Watmaugh, Freestone Flat, Wohler Road over Mark West Creek, and Monte Rio Bridge projects.

In 2020-21, appropriations were included within the Capital Improvements Adopted Budget and will be used as a local match to federal funding for Big Sulphur Creek, Gill Creek, Pena Creek, Watmaugh, and Monte Rio bridge projects. TPW requests the Board adopt a resolution that authorizes the Chair to execute State Match Program Agreement X21-5920(179) with the California Department of Transportation.

#### Prior Board Actions:

06/09/2020: Board authorized Chair to execute 2019-20 State Match Agreement.

06/04/2019: Board authorized Chair to execute 2018-19 State Match Agreement.

07/24/2018: Board authorized Chair to execute 2017-18 State Match Agreement.

06/20/2017: Board authorized Chair to execute 2016-17 State Match Agreement.

06/21/2016: Board authorized Chair to execute 2015-16 State Match Agreement.

#### FISCAL SUMMARY

Expenditures	FY 20-21 Adopted	FY21-22 Projected	FY 22-23 Projected
Budgeted Expenses	\$100,000		
Additional Appropriation Requested			
<b>Total Expenditures</b>	<b>\$100,000</b>		
Funding Sources			
General Fund/WA GF			
State/Federal	\$100,000		
Fees/Other			
Use of Fund Balance			
Contingencies			
<b>Total Sources</b>	<b>\$100,000</b>		

#### Narrative Explanation of Fiscal Impacts:

Appropriations of \$100,000 were included in the FY 2020-21 Roads Administration Adopted Budget (11051-34010101), and will be applied as a local match for federal funding for Big Sulphur Creek, Gill Creek, Pena Creek, Watmaugh, and Monte Rio bridge projects.
