Title:

Emergency Solutions Grants (ESG) Program Funding

Recommended Action:

Adopt a resolution as required by the California Department of Housing and Community Development authorizing and directing the Sonoma County Community Development Commission (Commission) to (1) receive up to \$452,220 in federal funds from the State's 2021 allocation of federal Emergency Solutions Grant (ESG) Program; (2) to function as Administrative Entity for administration of the State's federal ESG funds; and (3) authorizing the Executive Director or the Assistant Director of the Commission to execute the required Standard Agreement and any subsequent amendments or modifications thereto, as well as any other documents which are related to the Program or the State's federal ESG funds, as the California Department of Housing and Community Development may deem appropriate.

Executive Summary:

This agenda item seeks authority to receive and administer \$226,110 in federal Emergency Solutions Grants allocated by the State to the Sonoma County Continuum of Care. Funds will be used to support the homeless system of care, specifically for emergency shelter and rapid rehousing.

Discussion:

On August 17, 2021, the State of California Department of Housing and Community Development (HCD) released a Notice of Funding Availability for its federal ESG dollars allocated to Homeless Continuums of Care. The amount of funding available to Sonoma County through this Notice of Funding Availability (NOFA) is estimated at \$226,110, including \$87,972 that must be used for Rapid Rehousing, \$131,957 available for all ESG eligible uses, and a \$6,181 administrative allowance. HCD recommends that Administrative Entities request Board authorization for up to twice this allocation, to ensure local communities' access to all available dollars, and this amount of "up to \$452,220" is reflected in the resolution that authorizes the Commission to apply for and receive the State's federal ESG funds (Attachment 1). These funds are dedicated to the Continuum of Care but must be approved by the Community Development Commission as the Administrative Entity. Funds can be used in the jurisdictions of Santa Rosa and Petaluma.

Funds will be awarded via a competitive process to be conducted in Winter of Fiscal Year 2021-2022 for award during the following Fiscal Year. Eligible uses of these funds include Rapid Rehousing (at least 40% of funds must be used for this purpose), Homelessness Prevention, Emergency Shelter operations, Street Outreach, and Homeless Management Information System (HMIS) coordination. Rapid re-housing is an intervention

designed to help individuals and families quickly exit homelessness and return to permanent housing. Rapid re-housing assistance is offered without preconditions - like employment, income, absence of criminal record, or sobriety - and the resources and services provided are tailored to the unique needs of the household. Following completion of this NOFA process, staff will bring funding recommendations to the Continuum of Care Board and return to the Board of Commissioners for approval.

In previous years, State ESG funds have been utilized to provide core services at emergency shelters such as Sam Jones Hall and Family Support Center with Catholic Charities and Mary Isaac Center at COTS. Rapid rehousing funds have supported both Catholic Charities and COTS.
