**Title:**

State Highway Account Match Program Agreement 2021-22

**Recommended Action:**

Adopt a Resolution authorizing the Chair to execute State Match Program Agreement X22-5920(182) with the California Department of Transportation for advancement of up to \$100,000 in State Highway Account funds pursuant to Section 182.9 of the Streets and Highways Code to be used as match for federally funded projects for the 2021-22 fiscal year.

**Executive Summary:**

The Department of Transportation and Public Works (TPW) is requesting the Board adopt a Resolution that authorizes the Chair to execute State Match Program Agreement X22-5920(182) with the California Department of Transportation, which will provide up to \$100,000 in matching funds to be used for federally funded projects in FY 2021-22. The State Match Program assists the County with funding the local match requirement that is a required component of many federal grants.

**Discussion:**

Section 182.9 of the Streets and Highways Code governs the allocations of funds from the State Highway Account for State Match. The California Transportation Commission must allocate to each county an amount equal to 50 percent of the Federal regional surface transportation funds allocated to the county pursuant to Section 182.6(d)(2) with a maximum limit of \$100,000 per county per fiscal year. State match funds are used to match Federal funds allocated pursuant to section 182.6(d)(2) of the Streets and Highways Code.

At this time, the State has presented the County with Agreement No. X22-5920(182) (Attachment A) wherein the County agrees to use state funds for transportation purposes, agrees to establish a special account within the road fund, and agrees to allow the State to audit the funds. Under this agreement, the State will advance to the County a one-year apportionment of funds of up to \$100,000. The Department uses these funds as local match for federally funded projects (primarily bridge), where other sources of local match may not be eligible. In FY 2020-21, state matching funds were used as part of a local match for Big Sulphur Creek, Gill Creek, Pena Creek, Watmaugh, and Monte Rio bridge projects.

In 2021-22, appropriations were included within the Capital Improvements Adopted Budget and will be used as a local match to federal funding for Big Sulphur Creek, Gill Creek, Pena Creek, Watmaugh, and Monte Rio bridge projects. Transportation and Public Works requests the Board adopt a Resolution that authorizes the

Chair to execute State Match Program Agreement No. X22-5920(182) with the California Department of Transportation.

**Strategic Plan:**

This item directly supports the County's Five-year Strategic Plan and is aligned with the following pillar, goal, and objective.

**Pillar:** Resilient Infrastructure

**Goal:** Goal 3: Continue to invest in critical road, bridge, bicycle, and pedestrian infrastructure.

**Objective:** Objective 4: Identify and retrofit bridges in County that are at high risk for damage during earthquakes.
